

## WORKSHEET: Communication of Goals

Writing exercise:      Going across the rows for knowledge, skills, & attitudes, please write:  
 - an ends goal for your learners,  
 - 2 or 3 associated means goals, and  
 - 1 or more relevance statements for the ends goal.  
 If time permits, amplify ends goals with statements of expected levels of competence.

Critique criteria:      (1) Are the goals clearly stated as learner behaviors?  
 (2) Are the relevance statements compelling?  
 (3) What is the added value of stating levels of competence?
